

## **CROSSOVER CODES IN HOUSEHOLD TABLE**

There are field in the household data such as occxhoh, socxhoh. According to the notes for the interviewers from 1997 held by the UKDA they are used when the income of the “Head of Household “ is less than the adult who is not classed as the “Head of Household”. Here are the interviewer notes:

IF THE HOUSEHOLD COMPRISES HUSBAND. WIFE

OR HUSBAND, WIFE & CHILDREN<21

HOH = HUSBAND

Here are notes explaining how to determine the Person number of the Cross-Over Head of Household:

Q105 Person number of cross-over Head of Household

[CODE 0 IF NO XHOH]

[IF HOH RECEIVES LESS THAN £150 PER WEEK GROSS,

OR IS A STATE PENSIONER

THE XHOH IS PERSON EARNING £150 GROSS PER WEEK

OR MORE A WIFE CAN BE A XHOH]
